

# **COVID-19 Oxygen Policy**

Effective 3/26/2020

Due to the medically urgent matters related to COVID-19, ABC Health Care has revised its business operations & policies for oxygen concentrator & portable tank usage. Until further notice:

Patients are instructed to **NOT** use portable tanks for any reason other than transportation for essential services (food, utility, medical, etc.)

●  
Unless medically necessary, portable tanks should **NOT** be used within the home

●  
Portable tanks will be allocated to patients based on historical usage and available supplies

●  
Portable tank exchanges will be completed at your local ABC office using our “curbside service”

●  
ALL portable tank exchange requests need to be made BY PHONE with our Oxygen Department PRIOR TO ARRIVAL
